PUNIT ISRANI

B.Tech Student | Aspiring Software Developer

Jaipur, India • 6350073966 • punitisrani16@gmail.com • LinkedIn: linkedin.com/in/punit-israni-5548a725 • GitHub: github.com/punitisraniofficial

PROFILE

First-year B.Tech student building a foundation in programming, web development, problem solving and modern digital tools. Interested in software development, AI, and creating practical digital experiences. Curious, self-driven and focused on learning by building projects and experimenting with technology.

EDUCATION

B.Tech — [Branch] | [College / University Name] | [Expected Graduation Year]

Relevant learning: C Programming • Programming Fundamentals • DSA Fundamentals • HTML/CSS • Git/GitHub

TECHNICAL SKILLS

Programming: C • Programming Fundamentals

Web: HTML • CSS

Core: Data Structures & Algorithms fundamentals • Problem Solving • Logical Thinking

Tools: Git • GitHub • VS Code • AI / Digital Productivity Tools

PROJECTS

ARM64 System Emulation & Mobile OS Virtualization — Private Research Project

Explored system emulation and mobile OS virtualization concepts, including boot flow, device I/O modeling, sandboxing, and profiling/debug tooling. Private repository available upon request.

Interactive Birthday Web Experience

Built an interactive, mobile-focused web experience with multiple visual sections, custom storytelling, responsive layouts, and interactive navigation. Designed and iterated the experience with a strong focus on visual presentation and usability.

LEARNING & DEVELOPMENT

- Currently strengthening C programming, programming fundamentals and logical problem solving.
- Learning DSA fundamentals and Git/GitHub workflows.
- Developing practical knowledge of HTML/CSS, AI tools, digital literacy and productivity.
- Building communication and teamwork skills through academic and extracurricular activities.

STRENGTHS

Problem Solving • Fast Learning • Curiosity • Teamwork • Communication • Building & Experimenting

CERTIFICATES & ACHIEVEMENTS

- RSCIT — 97%
- NYC Event Manager — 2026
